Re: The officers who were in uniform and on duty, were both shot in the lower part of the body.

Moms of Law Enforcement Officers was deeply touched to hear about one of our officers hurt in the line of duty. I cannot imagine how difficult this must be for you now, but please trust that we care about you and your family. Your services in law enforcement is greatly appreciated and never forgotten.

Please accept this handmade blue line fleece quilt as a get-well token. Please let us know if there's something we can do as we will keep you in our prayers and always be there for you.

*Moms of L.E.O. which is an independent support group primarily to assist public safety officers with enhancing their relationship with their communities. As a mother of a law enforcement officer who is a breast cancer survivor, she inspired me to start an independent support group to help other law enforcement officers and their families mentally, emotionally and spiritually that are experiencing life's challenges.*
